Rent Relief

Act 1-2021 was signed by Governor Wolf on February 5, 2021 and included in this bill was the Rental and Utility Assistance Grant Program which will distribute the \$569.8M Pennsylvania got as a result of Congress' second COVID Relief Package. Unlike the first round of rental assistance, there does not seem to be a uniform program with uniform forms being offered across all 67 counties. Though Act 1 gives PA's Department of Human Services the authority to implement the program, it does not clearly state they are to provide guidelines to the counties. Act 1- 2021 does give the counties a basic outline to build their programs. The Act defines rental assistance to include the following:

- Rent
- Rental arrears
- Utilities and home energy costs
- Utilities and home energy arrears.
- Other expenses related to housing incurred due, directly or indirectly, to COVID-19, to the extent permitted by Federal law.

In addition to the state funds, 15 counties received direct funding from the U.S. Treasury. Because of the lack of a statewide program, PMHA has been contacting each county in an effort to identify individual programs on behalf of our members. As we are made aware of programs, we will be pushing them out to our members via email blasts. Not all counties are getting back to us, so we encourage you to keep your eyes and ears open as well. Most of these programs will be starting between March 1 and April 1 as the counties are eager to get the money into the hands of landlords and utilities.

(Continued on page 2)

(Rent Relief: continued from page 1)

Because of the failure of the first program, counties are reporting this round of rental assistance will be more user friendly for both the tenant and the landlord, with less restrictions. Most programs will be done online, with a few counties allowing for paper applications. There are to be no rent caps and no language that will prohibit the landlord from seeking eviction in the future. Programs are to include utilities costs and arrears as well. In the Act, "utilities" is defined as, "separately stated electricity, gas, water and sewer, trash removal and energy costs, such as fuel oil" (some counties such as Dauphin are including firewood).

Note, "telecommunications services" such as cable and internet, telephone, delivered to the rental dwelling are not considered to be utilities."

Do Not Let Faucets Run

Please DO NOT let your faucets run in order to avoid your lines from freezing. This causes a drain on our system. Heat Tape must be installed on all water lines to prevent your pipes from freezing.

Mail is Slowwww

The mail has been soooo slowww the past several months. Some of our residents have not received their invoices. Did you know you can access your invoice on your tenant portal? If you are not already set up to view your account online, please give our office a call. Connie will be happy to get you set up.

You can also pay your rent on line or over the phone. Connie will be happy to assist you, should you decide you would like to pay this way as opposed to through the mail. This will ensure you don't end up with a late fee on your account.

Monthly Statements will be Mailed and Emailed

We are going to begin sending your monthly statements through the mail and through email. To ensure you get your statement, please contact the office to make sure we have your most up to date email address. You can also email your address to lisa@ahunter.com.

Spring Inspections

Hello everyone. Our inspectors asked us to remind you that with Spring approaching, they will be looking to make sure weeds are maintained, lawns are mowed, skirting is properly attached without holes and homes are cleaned with no dirt or mildew. Please take a look around your home and make sure this work is done. We will begin writing individuals up in late April or May for these items. Thank you for your personal time and attention to this matter and for working hard to make sure your homes and lots are well maintained.

Garbage Cans Required

Each household is required to have a garbage can.

Because of health risks, you are required to place your trash in a garbage can and keep a tight lid on it. Trash bags that sit outside can attract mice and other animals, such as dogs, cats, and raccoons. Please bring your garbage to the curb the night before/morning of pick-up day and retrieve your cans by that same evening.

Easter Trivia Facts

- After Halloween, Easter is the top-selling candy holiday.
- Easter is a “movable feast” – one that is set according to the phases of the moon – so the dates are different each year.
- Easter always occurs between March 22 and April 25.
- It is believed by some that Easter was named after the Anglo-Saxon goddess, Eastre, whose symbols were the egg and the hare (rabbit).
- More than 90 million chocolate Easter bunnies are manufactured each year.
- The first Easter eggs were colored red, in memory of the blood Jesus shed during his crucifixion.
- In the 13th century, the church prohibited the eating of eggs during Holy Week. Marking the eggs laid during the week began the custom of decorating eggs.
- Households spend on average \$131 on Easter each year, with \$14.7 billion spent totally.

Please Don't Feed Stray Cats!

Please don't feed stray cats! Our communities are becoming overwhelmed with kittens and cats. The cats are going under homes causing damage to skirting and creating other issues. Many people feel good feeding the cats because they think they are helping them. BUT FEEDING STRAY CATS HURTS THEM. Absolutely. The end result is horrific cases of diseased and malnourished packs of stray cats because people feed them. Feeding causes a bunch of cats to come together, they become dependent on human feeding, then they breed like crazy which results in a lot of cats in one small area. They fight, they spread disease between each other, and the population grows too large to feed. We know it's hard not to feed stray cats, but you are doing more harm than good. And, **feeding stray cats is prohibited.**

YOUR NEIGHBORS CALLED... They don't like your dog's poop

This has been a recurring complaint in our office. Every day a neighbor calls because you have not cleaned up after your dog. When you brought your dog into the community, you promised to clean up after it. So why are we continuously receiving complaints from your neighbors?

Your pet is your responsibility. Please do what you promised and please be respectful of everyone who lives around you. You must go out with your dog, so take a baggie with you and clean up after him.

Don't Wait — Check the Date!

Replace Smoke Alarms Every 10 Years

Age matters when it comes to your smoke alarms.
Check the manufacture dates on your smoke alarms today!

1

Remove the smoke alarm from the wall or ceiling.

October 6, 2016

2

Look at the back of the alarm for the date of manufacture.

3

Smoke alarms should be replaced 10 years from the date of manufacture.

4

Put the alarm back on the ceiling or wall if it is less than 10 years old.

A closed door may slow the spread of smoke, heat and fire.

Test smoke alarms at least once a month by pushing the test button.

If the smoke alarm sounds, get outside and stay outside. Go to your outside meeting place.

Install smoke alarms in every bedroom, outside each separate sleeping area, and on every level of the home, including the basement. Larger homes may need more alarms. For the best protection, make sure all smoke alarms are interconnected. When one sounds, they all sound.

Call the fire department from a cellphone or a neighbor's phone. Stay outside until the fire department says it's safe to go back inside.
