# **Heat Tape**

With cooler weather approaching, it is imperative that you make sure your heat tape is on and working. Heat tape is the tape that wraps around the pipes under your home to prevent them from freezing. Just because the light is on doesn't mean that the heat tape is working. It must be warm to the touch. Every year, when the temperatures drop below freezing, we begin getting emergency calls that residents have no water. 99.9% of the time the water is fine, the resident has not installed heat tape or has not ensured it is working properly.

If your lines freeze, it is very time consuming to thaw them. We have seen tenants with hairdryers under their homes trying to dethaw their lines. It's cold and uncomfortable and avoidable! In addition, it can be costly. Frozen lines can crack. If your lines crack, you will have the expense of replacing the water lines under your home. You also risk freezing and cracking the water meter. (The cost to install a new water meter is around \$400.) The very simple step of installing heat tape and making sure it is warm to the touch when you turn it on can save you a lot of headaches such as; avoiding freezing lines, being outside in freezing temps dethawing your lines, and the expense of replacing lines or the meter. If you are unable to install or check your heat tape, we recommend contacting a plumber to have it done.

#### **Insurance Required**

Your lease requires you to carry liability insurance and homeowners insurance on your home. This insurance would cover any damages to your home and/or injuries that happen inside your home. Effective January 1, 2022, you need to provide the office with proof of your insurance. We will need that every January.

#### **Rent Increase**

October 1<sup>st</sup>, rent increased to \$285 for Singles and \$310 for Doubles.

#### **Rent Reminder**

Rent is due on the 1st day of the month. To avoid late fees, please make sure your rent is paid on time.

#### **Snow Removal**

When it snows, please keep streets free of vehicles so the plows can get through.

Please remember that you are responsible for your driveway and sidewalk snow removal.

# **A Doggone Problem**

We continue to receive complaints about dog feces and dogs running loose in the community.

Please be considerate of your neighbors: leash your dog and clean up after your dog. If you do not clean up your dog's feces, you risk losing your dog.

# Are you selling your home?

Please remember if you are going to sell your home, and the home will remain in the community after the sale, **the** 

buyer must be approved as a resident of this community. You are legally the responsible resident until a new resident is approved or the home is removed from the community. If you sell your home and the buyer is not approved, but moves into the community, your buyer is an unauthorized occupant that can be removed from the community. Knowing this and selling your home without having the buyer contact us to get approval, can result in the buyer coming back after you if he is not approved to live in the community. Please remember, anyone wanting to purchase your home, should be completing an application before you have settlement on the house. We can email you an application or you can find an application online, on our website: www.ahunter.com

#### **Do Not Feed Stray Cats**

Please don't feed feral cats in the community! You may think you are helping, but **feeding stray cats hurts them**. Feeding causes a bunch of cats to congregate in one area and become dependent on human feeding. An increase of cats in one area causes an increase in breeding, they fight, they quickly spread disease between each other, they can damage property, and the population grows too large to feed. Please do not feed stray cats.
